

**Thursday, October 15**

**3:00 PM - 3:50 PM**

*Presenter change*

## **Social Networking, Text Messaging and Web Technologies to Support Web-based Teaching and Learning**

### **Rusk Room**

With increasing enrollment at The University of Texas Pan American, supporting students and faculty has become a constant challenge. Leveraging mobile devices such as smart-phones, iPods, laptops, in conjunction with social networks (Facebook and Twitter), Short Message Service (SMS), and custom built applications; we are able to deliver just-in-time support and relevant information for the mobile learner and educator.

Ruben Zamora (University of Texas - Pan American)

Christopher Jazinski (University of Texas - Pan American)

## ***Presentations at a Glance***

Use this list to mark the pre-conference sessions you plan to attend.

*Vendor Presentation*

**Convention Center B**

## **Free Resources for Professional Development and Student Support**

The colleges and universities of Northeast Texas have collaborated over the past five years to develop and acquire a number of online resources for professional development, online faculty preparation and student support.

Including projects such as Internet Teachers at Every College, the Network for Teaching Excellence in Career & Technical Education, Online Student Support at Every College, the Texas Leadership Alliance, and more, the activities have resulted in a battery of events now available online or as ePacks/downloads, often for free! Learn about these resources and more during this session.

Mickey Slimp, Executive Director

Northeast Texas Consortium of Colleges & Universities (NETnet)
